

1. Click on the windows **Start Menu** and choose **All Programs** -> **CAMI EduSuite** -> **Update Assistant**, the **Start Menu** is located at the bottom left corner of the screen.

2. Make sure you are connected to the internet, and **All** firewall/antivirus programs have been turned off.
3. Click on the **Update** button as shown below to start the update.
4. Once the update is completed you can close the window and enjoy the CAMI programs.
